

Ovens

Nostalgie

60cm enamelled steel TFT built-in oven with pyrolytic function

The Nostalgie 60cm built in oven is a traditionally styled multifunction electric oven featuring ILVE's TFT touch control display. With TFT, you can easily programme the oven's 15 functions, set the timer and switch on the child lock. Setting the temperature of the oven is effortless due to ILVE's precision temperature control. Precisely set the oven temperature in a matter of seconds on the TFT display.

The oven has a spacious cavity with 65 litres of space, giving you plenty of room to cook. Whether you're making cupcakes or Yorkshire puddings, every level inside the oven can be seen with ease due to the ovens double internal lighting. The oven doors are triple-glazed.

With this 60cm built in oven cooking Sunday roast is effortless. Keep an eye on the temperature of any meat using the oven's handy electronic cooking probe. Reduce the amount of moisture within the oven, with the wet/dry cooking setting. This function enables you to release water within the oven through the steam release vent.

The weekly chore of cleaning the oven is simple with thanks to the ovens easy clean enamel oven lining, which acts almost like a non-stick pan.

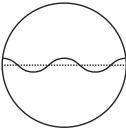

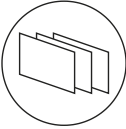

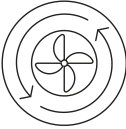

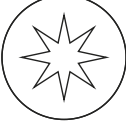

The OV60SNT3 has received an impressive energy rating graded A+, and is a perfect addition for a family home.

Code: OV601NTPY

Available from November 2024
